THE
CHARITY HOSPITAL
 OF LOUISIANA,

WAS FOUNDED IN THE YEAR 1786

BY

DON ANDRES ALMONASTER Y ROXAS,

To whose generous endowment, the munificence of the Legislature
 of this State, and the liberality of the

STATE OF PENNSYLVANIA,

The community is indebted for the means of erecting this edifice, built in
 the year

MDCCCXXXII

His Excellency A. B. Roman, being Governor and Ex-Officio President
 of the Institution.

*To record which and inscribe hereon the names and contributions of
 its distinguished benefactors,*

THIS TABLET HAS BEEN ERECTED.

Mrs. Cora Livingston Barton, who died some years ago, left to the Hos-
 pital the sum of six thousand dollars, to be paid out of a fund to be derived
 from the sale of the property No. 751 Broadway, New York, upon the death
 of Julia Barton Hunt and the Hon. Carleton Hunt, who, in the meantime,
 have the usufruct of said property.

ANNUAL REPORT
OF THE
BOARD OF ADMINISTRATORS OF THE CHARITY HOSPITAL,
For the Year ending December 31, 1890.

CHARITY HOSPITAL, }
STATE OF LOUISIANA, January 1, 1891. }

To His Excellency, FRANCIS T. NICHOLLS, GOVERNOR of Louisiana, Ex-officio President of the Board of Administrators of the Charity Hospital :

Your Excellency—In accordance with custom and law the time has again come around to report to you the condition of the Hospital, and it is with pleasure that we do so.

You have presented herewith the reports of the House Surgeon, House Committee and Treasurer, which give succinctly the situation, workings and financial status of the Hospital in sufficient detail, and hence it is necessary in this individual report to say but little.

There were remaining in the Hospital at the last annual report 597 patients. There were admitted in 1890, 6083 patients, with 1023 deaths.

There were 13,315 out-door patients treated during the year, 1173 out-door patients attended and treated surgically in the amphitheatre, 1247 attended in the dental department; these out-door patients added to the number of inmates making a total of 22,415.

Substantial improvements have been made, namely, the Sisters' dormitory finished; two additional surgical rooms added to

the amphitheatre, with improved stairways for the entrance of students and physicians ; a steam exhaust ventilating fan for the kitchen ; an electric current, with the necessary attachments and apparatus for surgical purposes, and other improvements, all of which you have a detailed account of in the House Committee's report. You will find in the tables of the Treasurer's report a satisfactory statement of our finances for the present.

The constructions heretofore spoken of as being very desirable, are all completed and paid for, except the greatly desired buildings for the out-door clinic, which the Board sincerely hopes it may find means for construction in the near future. The internal and official management and economy of the Hospital have been satisfactory, and due praise and gratitude are freely accorded the good Sisters and all the Officers of the institution. Their work has been well done, and without specifying or designating, our praises and thanks are due them all.

With assurances of continued high regard, I am your obedient servant,

C. J. BICKHAM,
VICE-PRESIDENT.

REPORT OF THE SECRETARY AND TREASURER.

CHARITY HOSPITAL. }
STATE OF LOUISIANA, }
NEW ORLEANS, January 1, 1891. }

To the Vice-President and Board of Administrators:

Gentlemen—I have the honor to present herewith for your consideration and adoption, the usual tables accompanying the annual reports of the Secretary and Treasurer, to-wit:

“Table of Cash Receipts and Disbursements for 1890,”
“Comparative Tables of Receipts and Disbursements for 1889-1890,” “List of Cash Donations and Legacies,” “Table of Property, etc.,” “Statement of Insurance,” “Balance Sheet of Books to December 31, 1890”.

Respectfully etc.,

EDWIN MARKS,

SECRETARY AND TREASURER.

REPORT OF THE HOUSE COMMITTEE.

CHARITY HOSPITAL,
STATE OF LOUISIANA, }
NEW ORLEANS, January 1, 1891. }

To the Vice-President and Board of Administrators :

Gentleman—Your House Committee would respectfully submit this as a resumé of the work of improvements, repairs, etc., for the year 1890.

SISTERS' DORMITORY.

The addition to the Sisters' Dormitory, reported as in progress at the date of the last annual report, has been satisfactorily completed and has been occupied for several months. Its construction is first class and substantial in every respect.

AMPHITHEATRE, OPERATING ROOMS ETC.

During the year just closed it was deemed of essential importance that the amphitheatre operating space should be added to, and the two (2) contiguous rooms previously used as bath rooms, remodelled and made auxiliary to the main apartment for surgical work. These enlarged arrangements have been duly completed. The three rooms, provided with ample light and well ventilated, have been properly equipped with improved operating tables and a full supply of surgical instruments, appliances, etc., and fully serve their intended purposes of preparation for and completion of operations, affording increased safety, comfort and well-being to the subjects, and additional facilities to the surgeons. Should emergencies require, the three rooms can be severally used for distinct operating purposes at once and the same time, thus ensuring

an avoidance of dangerous delays accruing from the use of but one apartment.

THE ELECTRIC CURRENT OF THE EDISON SYSTEM

Was early in the year introduced, and has been in daily use for general electrical purposes. The battery is in every way complete and furnishes both the "Faradic" and "Galvanic" currents. More recently the current has been introduced into the centre room of the amphitheatre for cautery purposes and has proven fully satisfactory. The wires have been properly insulated and safeguarded against the causation of fire. The current is furnished as a gratuity from the Edison Company.

A 30-INCH EXHAUST STEAM FAN

For ventilation of the kitchen, has been placed in position therein, and in warm weather serves to materially reduce the heat of the room.

AMBULANCE SERVICE.

This humane service has been efficiently worked during the past year. The ambulances, harness, and equipments, have been kept in good repair. The horses in service have become well trained to prompt movement at the tap of the gong. The donations to the account for the past year, from various sources, have materially reduced the cost of the service to the hospital, and it is hoped that the philanthropic citizens of New Orleans will continue their contributions and ensure the same result hereafter.

CONTRACTS FOR SUPPLIES.

The contracts for general supplies of meat, bread, coal, milk, etc., were "let out" at the usual time at lower figures than for the preceding year, and have resulted in a marked saving in outlay. The contracts are being fulfilled without complaint and are in every way satisfactory.

GENERAL REPAIRS, REPAINTING, KALSOMINING, ETC.,

Have been placed where needed, exteriorly and interiorly.

In conclusion, your Committee would tender their earnest acknowledgments to the excellent Sisters of Charity, whose unstinted and self-sacrificing work in behalf of the institution merit our warmest commendations.

Thanks are also especially due Chief Engineer Ponder for the intelligent, trustworthy discharge of his, at all times, important duties.

Respectfully submitted,

W. G. VINCENT.

J. H. KELLER.

COMMITTEE.

REPORT OF THE FINANCE COMMITTEE.

CHARITY HOSPITAL,
STATE OF LOUISIANA, }
NEW ORLEANS, February 4, 1891. }

To the Vice-President and Board of Administrators:

Gentlemen—Your Finance Committee find reason for congratulation in the fact, that the appropriations by the General Assembly for the support of the Hospital for the year 1890, can be regarded as a cash revenue. The regular disbursements for the full twelve months include the month of December last, and compare most favorably with those of the previous twelve months, exhibiting economy in the domestic management. We have thus been enabled to set aside the sum of \$20,000 towards the prospective erection of the much needed Clinic Buildings.

The details of the fiscal movement of the institution are accurately stated in the tables of the Treasurer, and to which we beg reference.

Respectfully submitted,

JNO. G. DEVEREUX,

G. W. SENTELL,

FINANCE COMMITTEE.

DONATIONS

ACKNOWLEDGED BY SISTER AGNES, 1890.

- Miss Bessie Behan, books and periodicals.
Paul Pace, Canal street, 55 gallons fresh milk.
Mrs. A. Larrien, cheese, milk and chickens.
Parke, Davis & Co., large quantity of reading matter.
Henry C. Meyers, Harrisonburg, 4 sacks shucks.
W. Duryea, New York, \$5.00 freight on maizena.
Frank Carroll, reading matter, sundry times.
Flower Mission, box of Easter eggs for children.
King's Daughters, box of candy cornices for children.
Mr. Sam Bessemer (through J. L. Bowers), 2 stereoscopes
and 300 views for patients.
Mrs. S. W. Rawlins, fruit and clothing, several times.
St. Margaret's Daughters, 4 large bundles children's clothing (new).
Messrs. Doyle & Rice, 3 loads kindling wood.
Mrs. Gillis, 18 boxes strawberries for boys' ward.
Young Men's Christian Association, reading matter, sundry
times.
Mrs. Lowner's Band of King's Daughters, books and periodicals.
Mrs. David Jamison, reading matter.
A. Lehmann & Co., sample pieces for quilts.
Miss Mary Rawlins, fruit and clothing for old women
(monthly).
Miss Flora Loeb, fruit, confectionery, etc.
Mrs. L. J. Harris, package old linen, sundry times.

Mrs. Louis Ruch, package old linen, sundry times.

Mrs. Woods, men's clothing.

Mrs. L. D. Green, reading matter.

Mrs. Chaffe, reading matter.

Mr. Henry Miletta (through Mr. Thomas Herndon), \$30.00 for use of children.

Mr. Joseph A. Walker, free pass on "Lake train" for children and convalescent patients.

West End Rowing Club, 2 large boxes choice pastry.

Mr. Louis Ruch, fruit and vegetables (weekly).

Capt. John B. Wooley, "S. S. Winchester," \$5.00 for kindness shown sailor P. McInn.

Frank Carroll, anti-microbes for patients.

Mrs. Geary, sundry articles of clothing.

Miss Rosa Lefrance (8 years old), bananas for sick children.

Mrs. J. R. Beckwith, basket of oranges.

Mr. Joseph A. Walker, basket of champagne.

Mr. G. Koch, French Market, vegetables (weekly).

Mr. J. L. Beer, barrel potatoes and onions.

Mr. John Dufau, 4 young pigs, cream and vegetables (sundry times).

Mrs. Curtis, 2 young pigs.

Miss Nannie Robinson, 2 dolls and 3 sets of reins for children.

Miss Queenie Homes, pretty doll "for the little girl who takes her medicine the best," scrap book and sundry toys.

Pupils of Mrs. C. Charles' school, pretty scrap books for children's Christmas tree.

Mr. Owen Cahill, 2 turkeys.

Mr. L. Ruch, 2 turkeys.

Mr. I. Newman, 2 boxes choice cakes.

Mr. L. M. Lefebvre, Eliza plantation, 1 barrel sugar.

Mr. Joseph Churchill, Alma plantation, 1 barrel molasses.

Mr. Frank C. Meavers, Point a la Hache, 1 barrel oranges.

STATE OF LOUISIANA.

- Mr. Moran, Fort St. Philip, 1 barrel oranges.
 Mrs. Julia Brignac, pig and turkey.
 Editor of Christian Advocate, 2 copies weekly.
 Editor of Holy Family, 5 copies weekly.
 Editor of Daily States, bundle of papers daily.
 Mrs. Simon & Isidore Hernsheim, \$12.00 and toys for children's Christmas tree.
 Mr. Bernard Klotz, 150 cakes and jumbles, and 60 pounds stick candy.
 Miss Virginia B. Grant, toys for Christmas tree.
 Miss Baldwin, toys for Christmas tree.
 Mr. John M. Baldwin, \$10.00 for children.
 A stranger, \$5.00.
 Resident Students, scales for ward 39, valued at \$7.00.
 Mr. Soulé, \$5.00.
 Unknown, \$5.00.
 Mr. Keenan, \$25.00.
 Mr. J. Smith, Delavan, Wisconsin, \$20.00.
 A former patient, \$10.00.
 Contribution box in hall, \$55.90.
 Mrs. Fannie McMullen, Delhi, workbox and sundries for children.
 Mr. and Mrs. Peter Blaise, 1 dozen bottles ale.
 Southern Brewery, 2 dozen bottles ale.
 Mr. Louis Ruch, 6 turkeys.
 Messrs. Seabury & Johnson have kindly paid all freight on all surgical dressings during year.
 The following ladies and gentlemen contributed to furnish 18 rides for the children during the summer :
 Mr. E. H. Farrar, Mr. E. B. Kruttschnitt, Mr. Omer Villere, Mrs. R. M. Walmsley, Mrs. S. P. Walmsley, Mr. and Mrs. George Denegre.
 The vehicles for these rides were kindly furnished at half-price by Messrs. Francis Johnson & Sons, 174 Magazine street.

Christmas packages of clothing for the children were contributed by the following ladies :

Miss Borde, Miss Amelie Aldige, Mrs. Chas. Carroll, Mrs. D. A. S. Vaught, Miss Müller, Mrs. S. P. Walmsley, Mrs. Stanhope Jones, Mrs. Gayle Aiken, Miss Jamison, Miss Lisette Rea, Miss Angele Puig, Miss Claudia Guinault, Miss Helen Leeds, Miss Emma Butts, Miss Louise Villere.

The following ladies and gentlemen contributed to the children's Christmas tree :

Mrs. Brunswick, Mrs. W. J. Behan, Mrs. J. L. Harris, Mrs. H. D. Forsyth, Judge C. C. Cordill, Mr. J. M. Parker, Mr. W. J. Montgomery, Bernard Klotz & Co., Mr. C. H. Miller, Mr. Theophile Bloch, Dr. H. J. Scherck, Mr. Lindsay, Mr. J. P. Parker, Mr. R. B. Parker, Mrs. M. Gillis and Mrs. Müller.

ANNUAL REPORT OF THE HOUSE SURGEON.

CHARITY HOSPITAL.
 STATE OF LOUISIANA,
 NEW ORLEANS, December 31, 1890. }

To the Board of Administrators:

Gentlemen—I have the honor to present herewith the annual records of the medical department, and report generally on the medical management of the Hospital during the year just closed.

At the last report 597 patients remained under treatment; during the year 6083 new patients were admitted.

The admissions comprise 4124 white and 1793 colored; males 4376, females 1541; children under 10 years of age 166 (white 135, colored 31). In addition to the above figures, 172 children (92 white and 79 colored) were born in the maternity department.

The total number of inmates treated was 6680; the smallest number of inmates 521, on the 4th of April; the largest 645, on the 14th of December; the daily average of inmates at the close of each day was 587. The total number of inmates was 280 more than reported in the preceding year, and 414 more than in 1888. The diseases incident to our climate have not prevailed so extensively as to cause this increase; but the exotic La Grippe has contributed largely to the increase of both the indoor and outdoor service.

Of the 6680 inmates treated 5015 were discharged; cured 2465, or about 49 per cent; improved 1790, or 35 per cent; unimproved 760, or more than 15 per cent.

There were 1023 deaths—a total mortality of 15 per cent. The mortality is reduced to 12 per cent. by deducting 187 cases,

fatal within twenty-four hours after admission. Most of these were moribund when admitted. There were 73 coroner's cases included in the general mortality. These figures indicate an increase of 1 per cent. over the average death rate, the mortality having been recently increased by the epidemic of Influenza.

The Outdoor Department gave relief to 13,315 visiting patients. Many of the more needy of these patients received, in addition to the consultation, either medicines or surgical dressings.

In every annual report we have urged with all possible emphasis the necessity of separate buildings for the reception and treatment of the outdoor patients. It is now a matter for sincere congratulation that the construction of these buildings and the establishment of the outdoor clinics as a separate department of the hospital will, in all human probability, be accomplished during the administration of his excellency, Governor Nicholls. The accomplishment of this work, reported in progress by your Special Committee, will result in an improved system of medical and household management of incalculable advantage to the hospital and its beneficiaries.

The efficiency of the Ambulance Service has been well maintained during the year. The faithfulness and competency of the Corps deserve special mention. The calls answered number 1349, four more than last year. The evil of many needless calls must remain without remedy, unless the telephone company co-operate with us in urging that only responsible persons be allowed to use their instruments for summoning an ambulance.

The report of the Visiting Dentist is highly creditable, showing the attendance of 1247 patients (white 797, colored 450). These patients are not included in the general report of the outdoor department.

In the amphitheater 1173 out-patients were attended, comprising mostly cases of minor surgery. The recent remodeling of the operating room and the addition of the two rooms, en suite, with

their special appointments, all of which is detailed in the report of your House Committee, have added greatly to the facilities for surgical treatment.

The medical work of the year, stated briefly, comprises the indoor treatment of 6680 patients, the outdoor relief of 13,315, including 1173 amphitheater cases of minor surgery and 1247 cases of dentistry, are told, amounting to 22,415 patients, the largest total ever reported during our term of office.

To any thoughtful mind the above figures must convey, although inadequately, the idea of a vast amount of medical work. The members of the medical staff who shared in this work, and especially the Assistant House Surgeon, Dr. J. D. Bloom, merit highest commendation.

The Sisters of Charity always deserve our grateful acknowledgments for the invaluable service they render in the work of the year. Long experience in this institution has impressed me with their salutary influence in preserving discipline, their unswerving devotion to their mission of charity, and their efficiency as allies in our medical work. The year was saddened by the death of Sister Cyril, who had given most of her long lifetime to the service of the hospital.

Herewith are transmitted, with my approval, all the annual reports of the special branches of the medical department.

In conclusion, we beg to report favorably on the general condition of the hospital. The facilities for handling and treating patients have been increased and improved during the year. The domestic departments are well-ordered, the sick kindly cared for, and our acquaintance with similar institutions elsewhere enables us to say, without bias, what in simple justice should be said in behalf of those with whom we have the honor of association in the hospital management, that this, as a public charity, ranks abreast with any in the United States.

Respectfully submitted,

A. B. MILES,

HOUSE SURGEON.

PATHOLOGICAL DEPARTMENT.

CHARITY HOSPITAL,
STATE OF LOUISIANA,
NEW ORLEANS, January 1, 1891. }

To the Honorable Board of Administrators:

Gentlemen—I beg to report that the following work has been done in the Pathological Department during the year ending December 31, 1890.

Autopsies held.....	110
Specimens of Urine examined.....	770
Specimens of Sputum examined.....	59
Specimens of Vomit examined.....	2
Specimens of Fluid examined.....	12
Specimens of Pus examined.....	3
Specimens of Blood examined.....	3
Various Pathological specimens examined.....	22
Specimens of Tumour examined.....	79
Sections cut.....	940
Sections permanently mounted for microscopical collection..	158
Photographs taken.....	75

Respectfully submitted,

HENRY DICKSON BRUNS,
PATHOLOGIST.

CHARITY HOSPITAL, }
January 13, 1891. }

Dr. A. B. MILES, House Surgeon, Charity Hospital :

Dear Doctor—I herewith transmit report of the Dental Clinic for the year ending December 31, 1890.

DENTAL CLINIC.

MANNER OF DELIVERY.

Naturally.....	166
By Forceps	3
Podalic Version.....	1
By Manual Traction	2

MORTALITY OF MOTHERS.

Of the 171 cases, 1 mother died, making a mortality of a little more than $\frac{1}{2}$ per cent.

CAUSES OF DEATH.

Puerperal Septicaemia..... 1

COMPLICATIONS OF CONFINEMENT.

Delivered naturally without accident.....	115
Cord around the neck.....	23
Prolapse of Cord.....	3
Arm with Head.....	2
Born with Caul.....	1
Inertia of Uterus.....	2
Adherent Placenta.....	6
Placenta Prævia.....	2
Laceration of Perineum.....	17

The number of children born was 172.

Male.....	83	Living.....	150
Female.....	89	Still-born.....	22

Most of the still-born children were delivered before the seventh month.
